

THE EMI PRACTICE

DFDL's Regional Energy, Mining and Infrastructure (EMI) Practice has an outstanding reputation in the development of major projects in Southeast Asia and South Asia.

The depth of our international and local capabilities paired with industry knowledge, enable the successful development and financing of energy, mining and infrastructure projects for sponsors, developers, lenders and investors.

OUR STRENGTH ACROSS EXPERTISE

- Concession-based projects (such as BOOT/BOO and PPPs)
- Power generation projects, both thermal and non-thermal generation, including integrated gas-to-power projects
- Mine and port development
- Multilateral and ECA supported financings
- Major M&A transactions (including private equity investments), takeovers and IPOs
- Oil and gas (all streams)
- Pipelines and transmission lines
- FSOs and FPSOs, including all shipping and handling issues, FSO conversions and shipping finance
- Technical assistance projects
