- ...and many others.

Slash and Burn

The long-awaited eighth installment in Colin Cotterill's bestselling mystery series starring the inimitable Lao national coroner, Dr. Siri .

Things have been pretty hectic for Dr Siri. Now he's off on what he calls a 'therapeutic holiday' in the mountains with his wife and friends. But sadly there's no rest for the wicked - with the help of a little blackmail they are accompanying an American MIA team. Their mission is to discover what happened to a stoned airman downed ten years earlier. Could he have survived? Who is eliminating the last people to have seen him alive? And who, we ask, is lighting the fires that are shrouding the Friendship Hotel in smog? In the remote Plain of Jars, surrounded by a thousand tons of unexploded bombs, Siri and the morgue team have to discover who is the killer in their midst before they too become victims.

When the War was Over

Cambodia and the Khmer Rouge Revolution revised edition

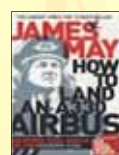

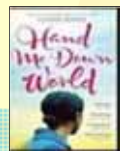

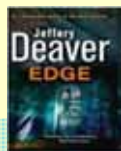

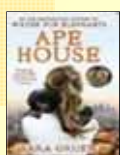

Award-winning journalist Elizabeth Becker integrates interviews with Cambodian leaders and ordinary citizens with a penetrating analysis of the politics of the cold war and humanitarianism. By contrasting the concerns of states with those of people, Becker shows how the international order has repeatedly betrayed the people of Cambodia. *When the War Was Over* is more than just an authoritative account of the Cambodian Revolution; Becker's trenchant portrait of the dynamics of power and human suffering serves as a warning about how diplomatic imperatives can blunt the United Nations' ability to preserve human rights.

Investment guides collection:

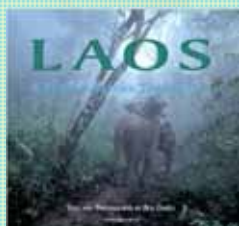

Cambodia-Laos-Myanmar-Thailand-Vietnam.

DFDL Mekong's Investment Guides 2011-2012 focus on the current legal climate and accurately identifies challenges investors are bound to face while equipping you with useful solutions and advice.
