

Dear Valued Clients and Business Partners,

Archetype Group has recently acquired Tebodin's Asia Pacific operations! Now with 1,100 professionals, we are bigger and better and offer unrivalled expertise in the region.

This acquisition greatly strengthens Archetype's Industrial Division and provides a complementary extension to our existing activities in Buildings & Real Estate and Environment & Infrastructure.

For our clients, the same team will continue working on your project - whether it's Archetype or Tebodin. Our client service executives will be in touch with you soon to show you how you will benefit from our new Group through stronger capabilities and a wider geographic footprint.

Both Archetype and Tebodin bring different strengths and talent to the new organization and we look forward to showing you how our combined forces will succeed in "Shaping Tomorrow."

Pierre-Jean Malgouyres
General Director, Archetype Group

Richard Oude Reimerink
Area Director, Tebodin Asia Pacific
